

# Glen Bogle (O Gauge 7mm=1ft)

Ian Atkinson a member of Bradford Model Railway Club

This layout was built originally in basic form by Ian Futers and is in the process of being enhanced by the present owners. A Scottish 50-70 era minimalistic layout with a station and goods facilities with just 4 points comprising two 4ft 6" scenic boards and a 4ft 6" fiddle yard with a 3 road traverser board. Operation of the line is in the main late steam early diesel Coal, Timber and fish traffic somehow still survive along with a mediocre passenger service.

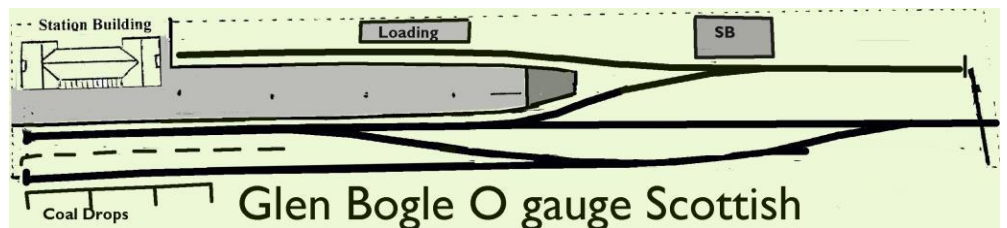

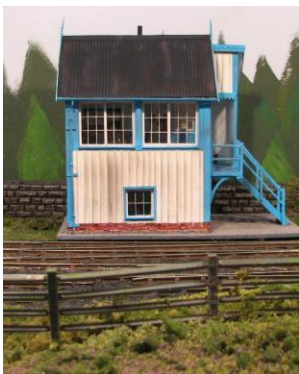

## Hire this Layout for your exhibition

Expenses are fuel, lunch and vast quantities of tea for 2 to 3 operators. Additionally for distances of over approx. 50 miles or 1hr travelling Bed and Breakfast accommodation with English breakfast will be required.

**Dimensions** are 14ft 6" by 2ft (5m by 0.6m) PLUS operator space

**Power** - one 13A socket 600W mainly lighting. One table for stock reqd.

**Insurance** - Layout £2500; Stock £5500
